

SigLite LCD 4x3 T-LBK750 Series

The Topaz® SigLite® LCD 4x3 (T-LBK750®) is a medium-sized, pressure-sensitive, low-cost electronic signature pad with transfective LCD that displays “electronic ink” under the pen tip during signing. It features all the high quality biometric and forensic capture techniques of a SignatureGem® LCD 4x3 signature pad but with a touch-screen and stylus in place of the more rugged tempered glass surface and digitizing pen.

Bundled software APIs provide for interactive text, graphics, and pen-tap hotspots and checkboxes which enable users to navigate screens and select preferred options.

Key Features:

- 3rd-generation touch-screen LCD display
- GemGuard® antimicrobial stylus
- Wireless and MSR specialty models available
- Lower-cost, pressure-sensitive technology
- Signature seen on both the pad and computer screen

Models
