The Topaz® KioskGem™ 1x5 is a small, rugged electronic signature pad designed for public-access and kiosk-mount application. The KioskGem 1x5 mounts to a surface with no exposed cables or fasteners, and the pen is connected with a high-stress tether rated at 160 lbs.

Featuring a polycarbonate signing area and small footprint, it is powered solely by your computer’s data port.

The digitizing pen and optional ink tip allow for both signed paper records and digitally signed documents.

The KioskGem 1x5 shows the signature on the computer screen only.

**BENEFITS**

- Rugged signing area for **long life**
- Small size, weight, and kiosk-mounted system for **security**
- High-quality **biometric and forensic** capture
- Topaz software suite bundled at **no additional cost** for complete signing and signature solution customization techniques
